FOREWARD

Every year since 1939, the *Commodity Year Book*, known as "the bible" of the futures industry, has carried the most extensive and accurate compilation of commodity information available from both public and private sources. The *Year Book*, compiled and edited by the staff of Knight-Ridder Financial Publishing is used by industry, government agencies, university and special libraries, and by leading brokerage firms and banking institutions.

The *Commodity Year Book*, like all annuals, is current only at the time of publication. It cannot continue to serve as a reference source of up-to-date statistics later in the year. Therefore, the *Commodity Year Book Statistical Supplement* is published three times yearly in order to update the data presented in the *Year Book*.

Each issue of the *Supplement* is divided into three sections. The tables within each section are arranged to follow the *Year Book* format. The parenthetical numerals after each commodity title in the *Supplement* refer to the *Year Book* page that presented the original statistical data for that particular commodity.

Section I contains approximately 500 updated tables corresponding to the monthly tables in the *Commodity Year Book*. Section II presents all annual tables in which there have been significant changes since the publication of the *Year Book*. Section III contains more than 20 cash price charts for selected important commodities. These charts, which are likewise updated in each issue of the *Supplement*, are plotted on a monthly basis, and they cover about 10 years of price activity.

TABLE OF CONTENTS

	SECTION		
	I	II	III
Alcohol	3	39	-
Aluminum	3	39	-
Antimony	-	39	-

FOREWARD

Every year since 1939, the *Commodity Year Book,* known as "the bible" of the futures industry, has carried the most extensive and accurate compilation of commodity information available from both public and private sources. The *Year Book,* compiled and edited by the staff of Knight-Ridder Financial Publishing is used by industry, government agencies, university and special libraries, and by leading brokerage firms and banking institutions.

The *Commodity Year Book,* like all annuals, is current only at the time of publication. It cannot continue to serve as a reference source of up-to-date statistics later in the year. Therefore, the *Commodity Year Book Statistical Supplement* is published three times yearly in order to update the data presented in the *Year Book.*

Each issue of the *Supplement* is divided into three sections. The tables within each section are arranged to follow the *Year Book* format. The parenthetical numerals after each commodity title in the *Supplement* refer to the *Year Book* page that presented the original statistical data for that particular commodity.

Section I contains approximately 500 updated tables corresponding to the monthly tables in the *Commodity Year Book.* Section II presents all annual tables in which there have been significant changes since the publication of the *Year Book.* Section III contains more than 24 cash price charts for selected important commodities. These charts, which are likewise updated in each issue of the *Supplement,* are plotted on a monthly basis, and they cover about 10 years of price activity.

TABLE OF CONTENTS

	SECTION I	SECTION II	SECTION III
Alcohol	3	40	-

JAPANESE CANDLESTICK CHARTING TECHNIQUES
STEVE NISON

New to the CP Bookstore! **Japanese Candlestick Charting Techniques, A Contemporary Guide to the Ancient Investment Techniques of the Far East.** Written by Steve Nison, the West's foremost authority on candlestick charts, this 315-page hard-cover book takes the mystery out of candlestick charts. In fact, it's the only authoritative book published outside of the orient on how to use candlestick charts to trade more profitably and with less risk.

The framework for candlestick charts was first developed in the mid-1700's. Since then, they have been refined and proven a profitable tool in any market, any time period. Mr. Nison gained his expertise in candlestick charting methods by painstakingly talking with Japanese traders and having books translated into English. The result of his enormous efforts is this book which is sure to change the face of technical analysis in the U.S. forever.

Trading Signals Found in Candlestick Charts are Clearly Explained

Candlestick charting techniques have a language all their own, but with this book, you'll know what these colorfully named trading signals mean – and what trading opportunities they indicate. **Abandoned Baby. Dark Cloud Cover. Shooting Stars.** Mr. Nison clearly explains these trading signals and more with easy-to-understand examples. You'll see how some of these patterns are similar to technical formations you're already with. But you'll also learn of signals found only in candlestick charts – signals that often forewarn key market reversals earlier than other technical techniques.

In this book, Mr. Nison will also show you how to make your technical analysis even more accurate and profitable by incorporating candlestick charts. You'll see in depth how to use trendlines, moving averages, stochastics, volume, and open interest with candlestick charts.

This book is sure to revolutionize technical analysis; don't lose your trading edge by not knowing market insights provided by candlestick charts.

Here's the Expert Opinion on this Important New Book

'For the first time, this ancient Japanese technique is ... available to American traders in a comprehensive, well-written and understandable format.'

John J. Murphy
Author of Technical Analysis of the Futures Markets

'**Japanese Candlestick Charting Techniques** is a must for the serious security or commodity trader.'

H. Phillip Becker, Vice President
Bufka and Rodgers

To learn for yourself how to use candlestick charts to make more timely, more profitable trades, order your copy of this important new book now. For the price of $65, this may be the most important investment in your trading success that you'll ever make. Order your copy today!

THE HANDBOOK OF ECONOMIC CYCLES

-- Jake Bernstein's Comprehensive Guide to Repetitive Price Patterns in Stocks, Futures and Financials

With this new book by Jake Bernstein, you'll learn how to analyze and recognize cycles so you can better anticipate market opportunities. You'll gain a concise and thorough perspective of repetitive price patterns in stocks, futures and financial instruments for more profitable trading.

This ground-breaking book gives you everything you need to identify, define and benefit from cyclical trends in commodities and stocks. You'll improve your understanding of cycles with more than 150 easy-to-read, highly detailed charts and graphs -- covering everything from **9 - 11 Month Commodity Cycles, Monthly Cash Charts, Monthly Commodity Futures Charts, Commodity Seasonal Tendencies and much more.**

Bernstein, an internationally respected expert on market psychology, cycles and seasonal trends, takes you step-by-step through this innovative trading strategy. Under Part I: Cyclical Concepts: Practical and Theoretical Considerations, you'll find these topics:

- The Nature of Cyclical Phenomena
- The Importance of Cycles in Economic Forecasting
- The Time Window and Trend Following
- What Causes Cycles?

In Part II: The Operation of Economic Cycles, Bernstein discusses:

- An Overview of Economic Cycles
- Cycles in Stocks and in the Stock Market
- Cycles in Commodity Prices
- Cycles in Foreign Currencies

And, in Part III: Seasonal Tendencies and Patterns, he covers:

- Seasonal Tendencies and Patterns
- The Importance and Future of Cyclical Analysis
- Short-term Cycles
- Detrending as a Method for Finding Cycles
- A Catalogue of Economic Cycles

The result of more than 20 years of research, *The Handbook of Economic Cycles* is a powerful tool that will help you achieve consistent financial success. A must for any cycles/seasonal commodity trader.

Order your copy today - from the Knight-Ridder Bookstore. Price: $65, catalogue number 112. Call 1-800-621-5271 (in IL, 312-454-1801) to place your credit card order.

DISCOVER THE POWER TO QUICKLY ACCESS HUNDREDS OF ARTICLES, THOUSANDS OF TABLES, MILLIONS OF STATISTICS, FOR OVER 100 COMMODITIES

ON ONE COMPACT DISC!

Introducing ... CRB InfoTech Commodity Data

Search and retrieve. Fast and simple. It's CRB InfoTech ... the quickest, easiest way to access the most comprehensive source of fundamental commodity and financial data and prices ever compiled.

HUGE DATABASE

With CRB InfoTech, you'll receive 200 megabytes of information. Equivalent to 200 floppy discs – or over 10,000 pages – CRB InfoTech provides you with more than 50 years of fundamental data on over 100 commodities, Alcohol to Zinc. Tables. Research articles. Price graphs. It's data similar to that found in the CRB Commodity Year Book, often referred to as the "Bible" of the commodities industry.

Plus, you'll possess prices on over 315 futures, cash, index, and options markets, some going back 40, 50 years, or more!

Only with CRB InfoTech is all of this information available in one easy-to-use source!

CD-ROM TECHNOLOGY

CD-ROM technology makes retrieving this information easy! Search menus and key word searching capabilities help you find the exact information you need. In seconds! You won't spend hours hunting through libraries, publications, trade and government reports for specific commodity and financial data. CRB InfoTech will do it for you fast!

DOWNLOADING CAPABILITIES

Manipulate the information to best fit your interests. *All* of the data on CRB InfoTech can be downloaded to spreadsheet or word processing programs for your own analysis or report writing. It's so easy!

OVER 50 YEARS OF EXPERIENCE

Known and respected worldwide as the commodity information and research leader since the 1930s, Knight-Ridder Commodity Research Bureau now offers you the benefit of its vast experience together with the latest in information technology

Purchasing agents and raw materials buyers ... Researchers and information specialists ... Commodity brokers and traders ... Financial institutions ... Whatever your discipline, CRB InfoTech enables you to achieve powerful, state-of-the-art analysis and research of the commodity and financial markets.

Discover the power of CRB InfoTech. Complete and return the attached information request coupon today. Or call toll-free now:

FOREWARD

Every year since 1939, the *Commodity Year Book*, known as "the bible" of the futures industry, has carried the most extensive and accurate compilation of commodity information available from both public and private sources. The *Year Book*, compiled and edited by the staff of Knight-Ridder Financial Publishing is used by industry, government agencies, university and special libraries, and by leading brokerage firms and banking institutions.

The *Commodity Year Book*, like all annuals, is current only at the time of publication. It cannot continue to serve as a reference source of up-to-date statistics later in the year. Therefore, the *Commodity Year Book Statistical Supplement* is published three times yearly in order to update the data presented in the *Year Book*.

Each issue of the *Supplement* is divided into three sections. The tables within each section are arranged to follow the *Year Book* format. The parenthetical numerals after each commodity title in the *Supplement* refer to the *Year Book* page that presented the original statistical data for that particular commodity.

Section I contains approximately 500 updated tables corresponding to the monthly tables in the *Commodity Year Book*. Section II presents all annual tables in which there have been significant changes since the publication of the *Year Book*. Section III contains more than 24 cash price charts for selected important commodities. These charts, which are likewise updated in each issue of the *Supplement*, are plotted on a monthly basis, and they

50 YEARS OF COMMODITY INFORMATION "IN THE ROUND"

CRB InfoTech . . .
The industry's most comprehensive database of historical prices, fundamental commodity and financial information available.

With *CRB InfoTech*, you'll possess up to 30 years of prices on over 350 futures, cash, FOREX, fixed-income, index and options markets. Plus, you'll have 50 years of fundamental data on over 100 commodities immediately at your fingertips. Search and retrieve research articles... statistical tables... price graphs...supply and demand data... production and consumption figures... and more. Similar to the information found in the *CRB Commodity Year Book*--often referred to as the "Bible" of the futures industry-- these data are not limited to United States statistics, but also include vital information from around the world.

Faster Than You Can Say "Boolean"!
In seconds... key search menus and word search capabilities help you find the exact information you need. No more hunting through libraries and plowing through publications. With *CRB InfoTech*, you simply apply the Boolean logic parameters "and," "or" or "near" to your word search. To find out more about cocoa exports, simply type "Exports near Cocoa." Instantly, you've located all references to Cocoa Exports!

Able To Download Information For Effective Analysis and Research
CRB InfoTech also allows you to download data into spread sheet and word processing programs. Manipulate the data to best suit your needs. Great for analysis, trading, modeling and presentations!

Dial-in For Daily Price Updates
To keep you as informed as possible, daily price updates can be accessed by PC... and quarterly updates are available on floppy disc.

Now Available! Either Financial or Agricultural Only Editions of *InfoTech* -- As Low As $495!
Now, for as little as $495, you can access financial or agricultural markets for the information you, need... all from one compact disc.

Choose From 9 Flexible, Affordable Packages
CRB InfoTech is available in Financial and/or Agricultural editions. Select combinations of All-Contracts and Nearest Futures. Fundamental database is available for all packages.

50 Years Of Information And Research From The Industry Leader
Known and respected worldwide as the commodity information and research leader since the 1930s, Knight-Ridder Commodity Research Bureau now combines 50 years of historical information with the latest, most innovative CD-ROM technology available.

Put the most comprehensive, powerful commodity and financial resource tool to work for you! Complete and return the coupon below today.

With Futures Market Service ...

MARKET NEWS TRAVELS FAST!

ONLY $19.95 A MONTH

The latest fundamental market news and commentary are yours instantly ... with just a few keystrokes of your PC!

Now there's a fast, easy way to get the complete story on market activity with **Electronic Futures Market Service** -- The Blue Sheet -- from Commodity Research Bureau.

The industry's oldest and most widely respected market newsletter is now available via your computer. Just dial in and you'll be among the first to know when fundamental market forces are shifting to create profitable trading opportunities.

It's like having your own fundamental research department but at a fraction of the cost

Every Thursday a new edition is issued and then updated the following Tuesday -- so you always possess the most accurate and current information available. And as market situations develop, you'll be among the first to know with our special Commodity Advisory Reports.

It's research you just can't find anywhere else

Each weekly issue brings you up-to-date on 36 major markets. Plus, you'll receive a penetrating analysis of the most active commodity or general futures related economic condition. Daily prices for the 11 CRB Futures Indices are also included in each Thursday's report.

3 Packages Available

Choose from three editions. Select the full edition (over 35 major markets) for only $19.95 per month. The agricul- tural edition (15 markets) and the financial edition (20 markets) are available for $11.95/month.

Free Trial

Dial in today to the Knight-Ridder Bulletin Board and take advantage of a one day free trial. Using your modem, just dial **212-809-6901.** Once inside the bulletin board you can select a free trial or register for a subscription. If you have any subscription questions, please call us at **1-800-621-5271.**

A wealth of fundamental research and commentary is just a phone call away. Dial in today!

GET OFF THE TRADING ROLLER-COASTER!

If the emotional highs and lows of each trading day are turning your game plan upside down…it's time to try EFTA.

Electronic Futures Trend Analyzer, EFTA for short, helps even out the highs and lows of trading, so you can time your trades easily and objectively. EFTA is the trend-analyzing trading system from Commodity Research Bureau that helps you trade more successfully by giving you market entry and exit signals, every trading day, along with key market indicators.

Proven Performance—#1 for Profit Per Trade!

In the category of Profit Per Trade, EFTA was ranked #1 out of 26 trading systems tracked by Bruce Babcock's publication, *Commodity Traders Consumer Report*. During the 12-month period ending February 1, 1992, EFTA held a dramatic lead over the rest of the field. In fact, at $351, EFTA's Profit Per Trade was $155 more than that of its nearest competitor! Plus, EFTA finished in the top 5 for all profit categories. Results like these illustrate EFTA's powerful ability to achieve consistent profits.

Spot Winning Opportunities

With EFTA, you'll receive key market indicators including:

- **Trend direction**
- **Price and date trend started**
- **Support and Resistance Levels**
- **Advances/Declines and New Highs/New Lows**
- **Percent up-trends for the day**
- **Exclusive Stock Market Momentum Indicator (basket of 280 stocks)**
- **Exclusive CRB Index and 11 Group Indices**

Plus, you'll receive: daily high, low, settle prices for up to 54 major futures markets, volume/open interest, relative strength indicators and other technical indicators. With this valuable information, you'll be able to build your own futures database with no expensive data costs.

20 Years of Profitable Trading!

EFTA puts 20 years of solid, consistent performance to work for you. No Johnny Come Lately here! Our system is proven. The results are profitable.

Available by FAX or modem…

EFTA is available in a variety of packages to meet your trading requirements.

EFTA Professional — Covers 54 domestic agricultural and financial futures markets, and all active contract months — up to 200.

EFTA Jr.— Includes 44 major active futures markets showing the first two contract months — up to 88.

EFTA Agricultural —The Agricultural sub-group gives you 16 markets and 32 contract months.

EFTA Financial —The Financial sub-group offers you 28 markets and 54 contract months.

SPECIAL SUMMER SAVINGS! TAKE 50% OFF!

As part of this special offer, try EFTA for yourself and save 50% on your first month! Fax subscribers please add $20 per month. To begin your trial subscription, just complete and return the attached order form or call **1-800-621-5271** for credit card orders.

Get off the trading roller-coaster…sign on with EFTA!

Past performance is no indicator of future performance.

YES! I want to see how I can trade more profitably with EFTA. Start my subscription with this special first-month introductory trial offer…

☐ Then, charge my credit card each month at the regular rate.

☐ I'm taking advantage of the 10% discount for prepayment and enclosing my check (payable to Knight-Ridder Financial Publishing) for 6 months or 1 year of EFTA.

	Package	Special First Month Rate	Regular Rate
____	EFTA Professional	$150	$300
____	EFTA Jr.	$ 41.50	$ 83
____	Financial Sub-Group	$ 32.50	$ 65
____	Agricultural Sub-Group	$ 25	$ 50

Send EFTA to me by:

☐ Modem* ☐ Fax**# (______)________________

*phone charges will apply.

**U.S. and Canada fax subscribers add $20/month, all others add $50/month

Charge my: ☐ Visa ☐ MasterCard ☐ AMEX

LAST CALL!

New from Knight-Ridder . . . FINAL MARKETS . . . KR-QUOTES

FUTURES · OPTIONS · CASH · FOREX

USE YOUR PC TO ACCESS THE MOST COMPLETE WORLDWIDE DERIVATIVE DATABASE AVAILABLE!

In the market for accurate, end-of-day prices? Check out **Final Markets. Available via Knight-Ridder's Electronic Bulletin Board, Final Markets** records futures data from all major worldwide exchanges including: *daily open/high/low/settle prices and total volume/open interest for up to 9 contract months* (where available).

One of the best ways possible to stay informed of daily price activity, **Final Markets** offers you instant access to end-of-day prices for over 350 markets—futures, options, cash, foreign currencies and fixed income securities markets.

ACCESS YOUR DATA ANYTIME...

Because prices are stored on the bulletin board for 15 trading days, you have access to three week's-worth of data anytime—whenever it's most convenient for you. Should you go on vacation—or just skip downloading, your missing data can be easily retrieved. All it takes is an IBM compatible PC and a Hayes compatible modem.

KR-QUOTES. DIALS-IN AND DOWNLOADS...AUTOMATICALLY!

Why hang around waiting to dial-in and download data when KR-Quotes will do it for you? With this unique data retrieval program, you can pre-set your modem to dial-in and download your data. Just tell it what time to access the data and how many day's-worth of information to retrieve. And when you subscribe to Final Markets...KR-Quotes is yours for only $50.

QUICK, EFFICIENT AND ECONOMICAL

Because all data is transmitted in a self-extracting ASCII format, downloading is fast, easy and less costly than other services. Downloading usually takes only 2–3 minutes per package depending on your modem's baud rate capability.

Choose from the following **FINAL MARKETS** packages:

Package	Cash/Futures	Options Volatility
*Agricultural** (63 cash, 32 futures, 18 options)	$20/month	$25/month
*Financial** (82 cash, 47 futures 28 options)	$30/month	$25/month
*Major Markets** The most actively traded U.S. futures markets. (36 futures, 35 cash)	$35/month	$35/month
International Markets Europe & Asia futures markets. (32 cash, 55 futures, 12 options)	$50/month	**
24-Hour Foreign Currencies (FOREX) 20 major currencies. (15 cash, 7 futures, 7 options)	$35/month	**
Fixed Income Securities U.S. agency instruments & government debt. (83 cash, 9 futures, 7 options)	$35/month	**

*North American Markets

**Options already included in Cash/Futures package.

Low monthly payments mean there's no contract to sign. No one-year prepayment agreements—just a reasonable monthly fee charged to your major credit card. Plus, you can change packages at any time!

SIGN UP BY SEPTEMBER 15, 1992 AND WE'LL WAIVE YOUR $50 INITIALIZATION FEE!

For accurate, daily end-of-day prices...

Subscribe to **Final Markets** via Knight-Ridder's Bulletin Board. For more information, or to place your order call **1-800-621-5271!** In Europe, contact George Bradshaw at the Knight-Ridder London office at **071-353-9621.**

FOREWARD

Every year since 1939, the *Commodity Year Book*, known as "the bible" of the futures industry, has carried the most extensive and accurate compilation of commodity information available from both public and private sources. The *Year Book*, compiled and edited by the staff of Knight-Ridder Financial Publishing is used by industry, government agencies, university and special libraries, and by leading brokerage firms and banking institutions.

The *Commodity Year Book*, like all annuals, is current only at the time of publication. It cannot continue to serve as a reference source of up-to-date statistics later in the year. Therefore, the *Commodity Year Book Statistical Supplement* is published three times yearly in order to update the data presented in the *Year Book*.

Each issue of the *Statistical Supplement* is divided into three sections. The tables within each section are arranged to follow the *Year Book* format. The parenthetical numerals after each commodity title in the *Statistical Supplement* refer to the *Year Book* page that presented the original statistical data for that particular commodity.

Section I contains approximately 500 updated tables corresponding to the monthly tables in the *Commodity Year Book*. Section II presents all annual tables in which there have been significant changes since the publication of the *Year Book*. Section III contains more than 24 cash price charts for selected important commodities. These charts, which are likewise updated in each issue of the *Statistical Supplement*, are plotted on a monthly basis, and they cover about 10 years of price activity.
